Our topic is "Count on to Add". We will be learning how to start with a number and count up from it. For example, if we have $6+2$, we want students to say, "six, seven, eight", NOT "1,2,3,4,5,6,7,8"

Bible

We will start the year by learning about God's creation! We will study Adam & Eve and learn about the Garden of Eden.

Our memory verse is this year's school-wide theme. Please work on this at home. Students will be expected to know it by next Friday.
