"Be Joyful Always"  
1 Thessalonians 5:16

## Classroom News

We had a wonderful Color Celebration today! It was fun to show all of our classmates our favorite color / colors.

Each student should know the colors red, yellow, orange, green, blue, purple, brown, black, and white. Please help your child practice identifying these colors during your daily routines together.

In the upcoming week, we will begin to learn our shapes. Shapes are everywhere! Our focus will be on the circle, square, rectangle, triangle, rhombus, and oval.

Thank you for all the help in providing such wonderful snacks for our classroom!
